

The Sherwood Exchange Strategy 2024-27

Vision: sharing food, knowledge, resources, skills and time to prevent hardship, environmental and wellbeing decline.

Mission: to run a drop-off and access point where people can freely exchange surplus food, household goods and gardening equipment.

Objective 1:
Access: people have access to sustenance and household necessities, advice and signposting.

Objective 2:
Community: facilitating the sharing of resources, skills, knowledge and time to prevent wellbeing decline.

Objective 3:
Collaboration: work with organisations and people who share our vision.

Priorities

1. Provide regular access to the exchange's services

2. Develop projects that align with our vision and mission

3. Promote our services and activities

4. Support & develop our team, management & governance

5. Be a financially sustainable organisation
